## FOOTBALL IS ON SATURDAY

Both Pahokee and Belle Glade played conference games away, tomorrow. The Blue Devils, meeting Stuart, will be hoping to continue their spotless record which is leading the Suncoast League, while Belle Glade, downed 31-0 by Ft. Pierce last week in the Rams' first game, will be gunning for the Clewiston team whipped two weeks ago by Pahokee.

## PAHOKEE 26 - POMPANO 0

Working as a pompano fisher, the Blue Devils captured a 20-point victory in the second quarter, starting when they recovered a Beanparker fumble on the 15. Both Panthers went over from two yards, and then passed to Chat Clark for the first tally on the scoreboard. When Pat Turbeville passed to Chat Clark to Pahokee's 45, the latter led around the defense like a fox with the hounds, and kept going until the score was 19-0. Barely pausing for breath, a few minutes later Clark did just right on a double reverse and went 18 yards to make the score 19-0. Dick Weeks went right guard for the point. Weeks carried on again later with a 30-yard punt to put the 26-0 cap on the BG 0.

## FT. MYERS 31 - BGC 0

The Golden Rams bit off an uncatchable Ft. Myers Friday night, in their first game of the season, and the visitors flashed over the field for five TD's. Scoring opened late in the first quarter, when Ft. Myers' Bill Weber made a 55-yard punt return.

With Billy Jackson and Wayne Mock, injured early, the Rams showed trouble right through. Leon Burkett, Ken Norris, and Willard Garrett showed well even through another touchdown by Weber, two by Hal Henley, and yet another by Shelton Hunter.

The Florida Forest Service's third pine seedling nursery will go into production in 1956. Like the two already in operation, the new nursery will have a capacity of 25 million seedlings.

## EAT AND GIVE!

The Belle Glade swimming pool committee reminds all residents who customarily eat Sunday dinner that this Sunday the place to do so is at Pelka's South Bay Restaurant. Meals will be served from 11:30 a.m. to 8 p.m. at regular prices which will be the minimum donation to the Swimming Pool Fund. Anybody who enjoys his meal \$100 worth will be joyously receiving, but the committee members manning the cash register will be glad to have any old minimum donation, too, they said.

## Pahokee City Budget Increases, But Millage Stays Same; Water Down

**PAHOKEE**—An increased city budget and a decreased water budget with no increase in the millage rate of 16 (combined general and hospital) was adopted Monday night by City Council for the fiscal year 1955-56.

For the city, the budget was set at \$152,591.11, or an increase of \$8,057.31. The budget rise without extra taxation was because of the deduction of \$6,500 committed last year for the proposed public health center, and already paid, according to City Clerk Dorothy Graham.

The water works budget was set at \$58,000, down \$2,620 from last year. The budget came down with the anticipated loss of revenue due to the 10% discount now allowed on water bills paid and postmarked the tenth of the month due, Mrs. Graham said.

The emergency fund was cut from \$5,000 to \$3,000 in the city budget. Increased by \$1,500 was equipment for the fire department, by \$7,400 equipment and maintenance for street department. New items included \$5,438.80 for a new garbage truck and \$1,700 for a new pickup for the sanitation department.

In the waterworks, major cuts were made in capital investments and improvements, miscellaneous expense, and the emergency fund.

Council, with James Harry Wilkinson, Jr. as chairman, pro tem with Chairman Loren Meredith again absent, included R. B. Simonsen, Blanche Armstrong, and George H. Tucker, Jr.

C. M. Todd, manager of Pahokee State Farmers' Market, appeared to ask Council for extension of the market main for a six-inch fire line, following up his previous request. Council agreed that the city would install the line if the cost could be shared, and that work would be begun on assurance from the state market office that money would be available and that an easement would be granted.

**PAHOKEE**—The new addition, 14 by 60 feet, is progressing at Pahokee Memorial American Legion Post 90. Concrete has been poured for the foundation, and it is hoped to get the concrete floor underway this Saturday.

The post has been secured to finance the materials and members are giving volunteer labor Wednesday evenings and Saturdays which are designated as work periods.

The annual membership drive is underway with a goal to get 100 new members. President A. E. Early has requested that the drive be completed by Nov. 11, Armistice Day. Plans were made to install wire net barriers at the Lake Athletic Field where cable previously has been used to keep spectators off the playing area. It is hoped to have the improvements by Oct. 8 when the Blue Devils play Ft. Pierce.

The post will have a joint supper meeting with the Pahokee Legion auxiliary Monday night. The Legion Hall will remain open the week of Oct. 16-18 to welcome travelers going to the national American Legion convention in Miami and a sign will be erected on the highway near the building to inform veterans of the hospitality.

## Uphogroes To Sing For PTA

**CANAL** Point. The Uphogroes Quartet will present the program of music next Tuesday night, Oct. 3, at the Canal Point PTA. According to an announcement made by President Julian Branch, W. E. Johnson, program chairman, has made the arrangements.

## 50 PUREBREDS FOR SALE MON.

**BELLE GLADE**—Fifty purebred unregistered Herefords will be sold Monday at Glades Livestock Market, including 25 steers and 25 heifers, according to Manager George C. Young.

Last Friday's Hereford sale was very successful, Young said, with 183 cattle selling for a total of \$31,440.24. Sixty-five registered Herefords sold for \$21,595.

This week, the two sales at the market moved 1114 cattle for \$75,912.93, with Monday by far the larger day, Young said.

The week's summary follows: Monday, 800 cattle, \$64,922.41; 154 calves, 26 yearlings, 73 heifers, 282 cows, 44 steers, 4 bulls; 41% of number and 41% of dollars to slaughter.

Wednesday, 154 cattle, \$10,990.52; 10 calves, 1 yearling, 8 steers, 90 cows, 34 steers, 11 bulls; 68% of number and 61% of dollars to slaughter.

## Elks' Chorus Dance 7th

**PAHOKEE**—The Elks' Youth Chorus will sponsor a dance at the Elks' Club Friday, Oct. 7, at 8 p.m. to raise money to make possible out-of-town concerts, according to President Mary Arthur Kirk. The price is 50¢; eat and drink 1.00; from Belle Glade furnishing the music, she said.

## BY MIRIAM DULANY

With Lake Okeechobee crop acreages this year probably to be larger even than last year's 30,000 carloads of vegetables, many Glades firms are expanding their facilities and equipment, and the new ultra-modernity includes the latest in electronics.

Now, added to the valuable two-way radio, which among its duties keeps the sales department in touch with the fields when prices fall and margins shorten, comes the Urban Mobile Telephone Service.

**Southern Bell Telephone & Telegraph Company's UMT Service** is the new system by which the operator of a vehicle or boat can make or receive telephone calls to or from any telephone number.

The system is different from that of the private vehicle-to-mobile operation used by the Harold Rabin Co., Inc., for example. Vehicles using UMT service are equipped with an antenna, transmitter, receiver, cables, telephone and controls. When a driver of a vehicle desires to make a call from his mobile telephone, he simply lifts the telephone handset and presses the "push-to-talk" button for an instant to signal the mobile operator in the West Palm Beach exchange. When she answers the driver gives him the telephone number and the number he wishes to reach; conversation is then carried on by the mobile operator as a regular telephone call.

When the person wishes to call a mobile telephone he contacts long distance and asks for the name of the operator, and upon getting her he gives her the telephone number of the mobile telephone he wishes to call. She in turn reaches the mobile unit by radio, dialing its call number in the usual manner.

## ROW OVER INVESTIGATOR IN BG BRINGS INGRAM PHONE THREAT

**AFTER MATH**

The day after the City Commission meeting reported below, yesterday at 12:25 p.m., the phone rang at the Z. T. Ingram residence. Mrs. Ingram answered, and a deep bass voice asked for Commissioner Ingram. When she said her husband was not at home, the unidentified caller said he had a message for the commissioner from an influential man not living in Belle Glade. He asked that she take it down. She did so. The message was: "Mr. Ingram had better go along with the idea of the special investigator to be under the control of the City Commission and not the Police Department or he will be sorry. Then the man hung up."

Mrs. Ingram reported this ominous occurrence to the press after conferring with her husband and Commissioner Eugene Ellis, who agreed that the matter should be published, and who do not believe the call was a fraud, a joke, or a prank.

**BELLE GLADE**—A hot row of obviously political origin got the newly-constituted City Commission off to a stormy start Wednesday night, when a Civil Service Board recommendation to create the post of investigator in the police department was tabled on the deciding vote of Mayor Walter Ashley.

He broke a second deadlock between Commissioners Z. T. Ingram and Eugene Ellis, favoring acceptance of the Board's recommendation, and Commissioner J. Marvin Unwin and J. H. Livingston, Jr., against.

The investigator matter, which brought on the most serious of several clashes between commissioners, started routinely when City Manager Eugene Ellis read a letter from the Board recommending creation of the post of investigator in the police department at a salary of \$290 a month with no overtime.

Ellis moved, with Ingram seconding, that the recommendation be accepted and the job set up immediately.

Livingston asked if such a person could be made responsible to the city manager and commissioner, and pointed out that he would be, as a city employee but would come under the police department, serving under the chief because of the nature of his work. Livingston cited the example of Ralph Hiatt, county investigator, and suggested that a city investigator's job be set up along the same independent lines.

He asked City Attorney Claude Jones to purchase a new clutch for the city tractor, which was authorized to purchase a copy of the recordings of the court record on the Stokes-White case. A building permit was authorized for a \$3,000 addition to the South Bay Service Station.

**VFW OK'D FOR CHARTERING**  
**PAHOKEE**—With the request for permission to organize a new VFW post here granted by district VFW officers, steps were being taken this week to get the 15-member charter minimum.

Bob McQueen, appointed temporary quartermaster to accept the \$5 charter membership dues, has been asked to accept the pledge. All Glades men interested in joining the post are asked to get in touch with McQueen.

Among district officials here for the preliminary meeting last Saturday were Sherman Bennett, Lake Worth, 11th district commander; Grover C. Herring, West Palm Beach, department judge advocate; James Dillon, West Palm Beach, district quartermaster; Al M. Andretta, West Palm Beach, district inspector; Leroy Gillis, Lake Worth, district historian; and Jack Harvey, Lake Worth, adjutant.

## Cemetery Commission Mon.

**PAHOKEE**—Port Mayaca Cemetery Commission will meet Monday at 8 p.m. at Pahokee City Hall. The major item on its agenda will be the planning of adoption of the 1955-56 budget, according to Secretary-Treasurer Dorothy Graham.

Walter Ashley, Belle Glade, J. F. H. Main, Sr., in Ft. Pierce, J. H. Livingston, Jr., in Ft. Pierce, W. M. Patkovic, and Mrs. Graham comprise the commission.

## So. Bay To Ask Case Dismissal

**SOUTH BAY**—The City of South Bay, through its attorney, Claude Jones, will file for dismissal or to quash the bill of complaint filed against the city, mayor and City Council by ex-Police Chief J. C. White this week, according to City Clerk Alvin Crow.

Mayor S. J. Fisher, Councilman W. M. Jones, J. P. Roberts, W. C. Allen, F. W. Kelly, and Acting Chief Ben Austen all were named as defendants in White's complaint filed in Circuit Court Monday.

Constable Buford Prescott handed the official papers to the city clerk's regular Council meeting Monday night.

Crow said later this week that the city, with 20 days to answer, will ask the court for dismissal. City Attorney Jones said he may ask to quash rather than to dismiss, but in any case action will be taken against him by the city.

More than 40 points were listed in White's petition, filed by his attorney, Jordan Johnson. He asked the chief of police to act to act for his reinstatement and payment of retroactive salary. The petition also asked that the chief determine the power of the mayor and the commission to suspend him, under city charter, and to determine what lawful authority "Austin could be appointed to serve in the elective office of police chief."

The petition listed the history of the mayor and council actions in dismissing White following a hearing on charges filed in July. Point 15 of the petition charges that the testimony and evidence was "insufficient to prove that the chief of police at any time had been guilty of gross neglect or dereliction of duty."

The brief further charged that council "made its decision on political expediency, public opinion fostered by opponents, and rumor and gossip outside the record."

Meantime, White is one of three candidates for the post of police chief in the forthcoming Tuesday election, facing Marvin Davis and ex-Police Chief Lester R. Huddy. Jeffries and Robert H. Stokes are also running for the post.

Polls will open at 7 a.m. at City Hall for the white precinct, and at the Lake Theatre for Negro voters. Crow said.

## New Optometrist For Pahokee

**PAHOKEE**—An optometrist will open office here Monday, the result of a search by the Chamber of Commerce and Dr. Richard C. Lane's interest in the Glades.

Dr. Lane, who has known the area since he was a boy in Lake Worth, will open his office at 37 E. Main St. in Pahokee, at 9 a.m. Monday. He comes from Miami, where he operated his eye, ear, nose, and throat clinic for a year, and previously with an optometrist at Half Moon Bay, after completing a nine-month internship at Lake Worth.

A graduate of the Southern College of Optometry, Memphis, Tenn., in 1929, Dr. Lane is also a 1945 graduate of Lake Worth high school. He served with the U.S. Army during World War II and the Korean War.

He is a member of the Florida and American Optometric Association, Phi Theta Upsilon optometric fraternity, and the Methodist Church. Dr. Lane is married and has two children. Mrs. Lane is teaching fourth grade at Pahokee school.

## So. Bay PTA Mon.

**SOUTH BAY**—The PTA will meet Monday evening at 8 o'clock in the school auditorium. Plans will get underway at that time for the annual Halloween Carnival.

**FACE UP TO REALITY:** What's wrong with telling the truth? Is it old fashioned? Recently, when Senator Holland was asked what he thought of next year's presidential race he is quoted as saying that he felt that the Democrats didn't have anyone in sight at the present who could beat President Eisenhower if he ran again. What's wrong with saying that? He was asked a question and he gave his opinion.

But, a number of people around the state have accused him of favoring the Republicans, or of running out on his party, or of disloyalty to the Democrats.

March 1956 reached a state in this country where a man must give an evasive answer if he thinks that the truth will make some people unhappy? Maybe Holland's answer wasn't "clever" or

"smart" politics, and maybe members of a team should always pretend that they are going to win, regardless of who they are fighting. Maybe his opinion was unpopular—and maybe his prediction is completely wrong. (There are those who disagree with him). But credit him with fearlessly answering the question. He might easily have ducked it as some others are doing, but he answered it honestly and forthrightly—without trying to be politically "astute" as the pundits say.

It really doesn't matter whether his prediction is right or not. Time will tell. (Most political sages here think that President Eisenhower will run—and be reelected.) The thing to remember is, don't ask a man his opinion if you don't want him to give it.

### INDIAN GRUB?

Congressman Jim Haley gained weight on his travels to the Indian reservations this summer. Now, back in Sarasota from his 8,300 mile drive which carried him through some 20 odd states, he is reported to have put on a few extra pounds—varying from 9 to 18, depending on which scales he stands on. He traveled as chairman of the subcommittee on Indian Affairs, and no doubt the tribal feasts contributed somewhat to his unscheduled gain.

### SUN'S ENERGY TO BE TELEPHONE POWER

The Bell solar battery will be placed in service in an experiment near Americus, Ga. on Oct. 4, to furnish electrical power to a rural telephone line, it was announced today by Ed Reddy of Southern Bell Telephone and Telegraph Company. This will be the first time the sun's energy has ever been used in such a manner. This development is a part of Bell System's continuing research to furnish more and better telephone service to rural areas. The solar battery will feed power to a new rural telephone system that uses transistors instead of vacuum tubes. The experiments are being conducted jointly by Bell Telephone and Southern Bell Telephone and Telegraph Company.

### MARINES HAVE OPEN 3, 4 YEAR ENLISTMENTS

Intermediate three and four year enlistments in the Marine Corps are now open, according to a recent announcement by T/Sgt. Arthur Ellis, non-commissioned officer in charge of Marine recruiting in the Greater Palm Beach area. "There is no delay, you can enlist today for three or four years service," he said.

The recruiter emphasized that only volunteers are accepted by the Corps. Once a young man receives orders from his draft board to report for induction, he is no longer eligible or permitted to volunteer for the service of his choice. Sgt. Ellis is available for interviews in Belle Glade each Wednesday, 9 a.m. to noon at the draft board, and at the Pahokee post office Wednesday afternoons from 12:30 to 2:30 p.m.

## GLADES GROUP FOR FFVA MEET

Members of most concerns associated with the vast Glades vegetable industry were making plans this week to attend the 12th annual convention of the Florida Fruit & Vegetable Association at Hotel Fontainebleau, Miami Beach, Tuesday through Thursday of next week.

In order to handle the expected attendance, the registration booth will open a day early, at 3 p.m. on Monday, and will remain open through Tuesday and Wednesday.

The first scheduled event will be an elaborate buffet luncheon which will begin at 11:30 a.m. Tuesday, and the convention will open officially at 2 p.m. with President Andrew Duda, Jr., Oviedo, presiding. After the invocation, general manager Joffre David, Orlando, will present a report of activities of the association during the past year.

### Smathers Speaker

Senator George Smathers will deliver the keynote address entitled "Florida Grows and Grows." Following the first business session, there will be a fashion tea for the ladies to which the men are also invited. In the evening there will be a "Suppliers Hospitality Night," replacing the customary get-together party.

Wednesday morning, Florida Commissioner of Agriculture Nathan Mayo, Tallahassee, will be host at a cracker breakfast. Luther L. Chandler, Goulds, will be toastmaster.

There will then be special entertainment for the ladies while the men hear an address by R. V. Whiting, Kansas City, Mo., and a report on marketing agreements by Chandler. At noon the ladies will enjoy a scenic boat trip around Miami Beach waterways.

In the afternoon, Frank L. Holland, manager, Florida Agricultural Research Institute, Winter Haven, will be moderator at the state agricultural round table. Panel members will be: Dr. Joseph R. Beckenbach, director of agricultural experiment stations, Gainesville; H. G. Clayton, director, Agricultural Extension Service, Gainesville; Nathan Mayo, Jr., state dept. of agriculture, Tallahassee; J. Abney Cox, Jr., executive vice president, Central and South Florida Flood Control District, Ed. L. Ayers, commissioner, State Plant Board, Gainesville. The annual membership meeting and election of directors will be held following the round table discussion.

### Banquet Wednesday

A banquet will be held at 7:30 in the grand ballroom of the hotel on Wednesday evening. Willard M. Fifield, provost for agriculture, University of Florida, Gainesville, will be toastmaster. Sir Hug Fox, Governor of Jamaica, Kingston,

Incorporating many aids of modern day science to plant construction and operation, Aldens, one of the nation's big four mail order companies, soon will move into a huge new streamlined factory building that will centralize its middle west headquarters in Chicago. Automation is the theme of the 650,000 square feet of space that will expedite handling of needs of shop-mail customers throughout the country. Sketched above are some of the steps taken to provide improved service at lower cost.

CHICAGO—Designed throughout with the customer always in mind, the new headquarters building of Aldens will house the administrative offices, the Chicago buying offices, the mail order and retail divisions, advertising and sales promotion division and the financial, operating and industrial relations divisions. Hours of time-consuming operation have been eliminated as Aldens' engineers and the architects combined their talents to streamline and mechanize the big mail order operation, with extensive use of automation. Operating costs will be cut, because a larger volume of business will be handled by their present personnel.

Features of the new building are relocation of executives to provide easy access and ready supervision of the thousands of employees. Daylight "artificial light" are combined to provide constant lighting to reduce fatigue. Acoustical ceilings will reduce distracting indoor sounds, while color dynamics reach their full effects in the interior decoration.

Jamaica, BWI, will be principal speaker. There will also be entertainment and dancing.

On Thursday at 10 a.m. there will be a shopping trip for the ladies while the men are in the final business session. Included for presentation at the Thursday morning session will be a review of the "Fresh for Health" program by W. K. Kitchen, executive vice president, United Fresh Fruit & Vegetable Association, Washington, D.C. "The Refrigerator Car Outlook" to be presented by John N. Kelley, manager fruit transportation, Fruit Dispatch Company, New York City; and "The Crop Outlook Report" by James B. Owens, truck crop statistician, USDA, Orlando.

George Cooper is general chairman of the convention and Mrs. Roy Vandegriff, Jr., Pahokee, is chairman of the ladies' activities.

daughter-in-law, daughter present badge BELLE GLADE — Municipal Country Club was the scene Sunday afternoon at 4 p. m. of ceremonies at which Mrs. Ruth Wedgworth received an international honorary membership in Beta Sigma Phi Sorority. Mrs. Wedgworth is the third Florida woman to be honored in this manner by the International Executive Council of the sorority which boasts over 4000 chapters in the United States and nine foreign countries.

Mrs. Francis Cross, president of the local chapter presided over the ceremony. Before conferring the honorary membership, she welcomed all representatives of the various chapter. A life history of Mrs. Wedgworth patterned after "This is Your Life" was presented by Mrs. Rosa Nash, last year's president, and the one under whom the project was started, assisted by Mrs. E. F. McAllister. Mrs. Thomas Chappel, Mrs. Milton Carpenter, Mrs. O. G. McWhorter, and Mrs. Cross. Mrs. John Munroe sang the "Song of Friendship" accompanied by Mrs. James Williams. Background music was played throughout the ceremony and the tea following by Mrs. Williams and Miss Dorothy Chastain of Beta Omicron Chapter in Pahokee.

A full-jeweled badge was presented to Mrs. Wedgworth from the local chapter by her daughter, Mrs. Joe Tom Boynton of Pahokee, a member of the Pahokee chapter, assisted by Mrs. Wedgworth's daughter-in-law, Mrs. George Wedgworth, a member of the local Beta Xi chapter. Miss Barbara Wedgworth, another daughter, and a student at Florida Southern College in Lakeland, was a special guest.

Following the presentation ceremonies, there was a tea. In the receiving line were Mrs. F. W. Cross, Jr., Mrs. J. E. Jones, Mrs. Louis Kirchman, Mrs. Howard Payne and Mrs. Rosa Nash. Mrs. Earl Lindrose was in charge of the guest book. Mrs. A. F. Hopsop, director, had charge of special decorations. Mrs. George Wedgworth, Mrs. Clyde Clatter, Mrs. Milton Carpenter and Mrs. Frank C. Anderson presided at the table.

The general committee included Mrs. J. E. Jones, chairman, Mrs. Nash, and Mrs. George Wedgworth.

Guests present were Mrs. Clark Hull Wilkinson, Mrs. Hilda Hull Wilkinson, Mrs. Josephine Phillips from Beta Omicron Chapter, Pahokee; Mrs. Miriam L. RAIL ODDITIES

DRIVING FROM THE WINTER TEE OF HIS HOME TOWN GOLF COURSE, A RAILROAD AGENT SAW HIS DAILY SIZED BALL DISAPPEAR THROUGH THE OVER HANG OF A BOX CAR IN A PASSING FREIGHT TRAIN. THE BALL, MARKED WITH THE AGENT'S NAME, WAS FOUND BY ANOTHER AGENT AND MAILED BACK TO HIM BY A FELLOW AGENT 300 MILES AWAY.

NEWS TRAVELS FAST... TRAVELS FAR TOO. A RECENT BRIGADE MADE UP OF ITEMS SELECTED FROM THESE RAIL ODDITIES CANNOT BE THE SUBJECT OF AN ARTICLE IN A NEWSPAPER OF EAST WICHITA, KANSAS, A TOWN OF THE CITY OF PERTH IN WEST AUSTRALIA... ALMOST HALF WAY TOWARD THE EAST.

AN INDIAN UPSETTING AN EARLY RAILROAD UNDER CONSTRUCTION IN NEVADA IN THE '40s REACHED A THRILLING CLIMAX WHEN AN EXCITED YOUNG BOY OF THE NAUVOO TRIBE ENGAGED THE LOCOMOTIVE IN PERSONAL COMBAT. HE MANAGED TO STOP THE TWO-BEAMING MONSTER IN AN EXHIBITION OF COURAGE AND SKILL THAT DESERVED A WATSON LEAD.

### SWIMMING

Swimming is one of the most relaxing of all sports, and at the same time is one of the most complete overall body exercises. But swimming can be quite dangerous. Not all deaths and accidents attributed to this sport are in non-swimmers. Expert swimmers have developed body cramps which incapacitate them, frequently resulting in death by drowning.

Everyone who is physically capable should learn to swim. The knowledge can become a safety device if a person is involved in a water accident, such as an overturned boat. The ability to stay afloat until rescued has saved many a life. Children should be taught to swim at an early age. However, they should never be permitted to play in the water or to swim alone without the close supervision of an adult swimmer. They should never be allowed to play near water by themselves; accidental falls into green shallow water have taken lives of tiny tots.

There are some conditions that can develop in swimming if proper precautions are not taken. For example, children and older people who are subject to ear difficulties should swim only with their physician's permission. No one with a discharging ear or a perforated eardrum should attempt to swim. Violent nose blowing to remove water should be avoided. These precautions could prevent a permanent hearing loss.

Always swim in safe places. You may leave yourself open to infection by swimming in polluted water. Don't dive into unknown waters—hidden stumps and rocks have resulted in broken necks. Don't overdo. Don't swim all the way across the lake the first time out. Avoid swimming when chilled, overheated, exhausted or after a heavy meal.

Swimming, like all other pleasures, calls for moderation and good sense.

## DOG OWNERS

Dog licenses for 1955-56 are now due. All dogs within the city limits must be licensed, if over the age of six months.

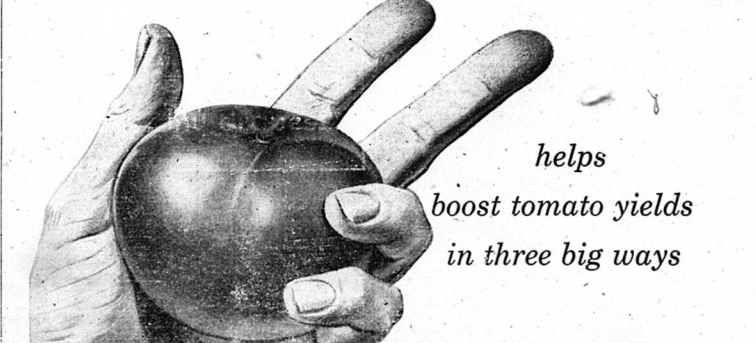

Licenses are on sale at City Hall, at \$2 for females and \$1 for males and spayed.

All license purchasers must have receipt or other proof of rabies inoculation of their dogs.

Dog owners failing to comply with the regulations as set forth by ordinance are subject to penalties thereof.

## DIETHANE M-22

Newest member of the famous fungicide family, DIETHANE M-22 (maneb) has already shown how it helps tomato growers get higher yields—more marketable crates per acre.

### DIETHANE M-22 boosts yield and quality three ways:

1. It gives outstanding control of late blight and also protects effectively against all the other major tomato diseases—anthracnose, early blight, Septoria leaf spot, gray leaf spot, and gray mold.
2. DIETHANE M-22 is safe for blossoms, fruit, and vines when used as recommended.
3. It helps the vines stay healthier, with rich green foliage.

Add these advantages together, and it's easy to see why fields protected with DIETHANE M-22 yield more and better tomatoes at picking time. To top it off, DIETHANE M-22 is now conveniently packaged in two bag sizes that contain just the right amount of spray powder for any standard tank capacity. It's also available from your local dealer as blended dusts with or without insecticides.

DIETHANE is a trademark, Reg. U. S. Pat. Off. and is principal foreign country.

## Kitchen Changes Come Swiftly Convenience Is Key to Rapid Progress

To work better, you plan better—that's the key to kitchen efficiency.

**BY IRA MILLER**  
Farm Electrification Bureau

The evolution of the modern kitchen presents a story of progress without parallel. It covers a span of less than 50 years, with more speed made in the last 10 years than in the previous 40 decades. In fact, advances are coming so fast that—like automobiles—most of us can hardly wait to see what next year's models of major electric appliances will look like.

What's going on? Lightweights don't rightly know, but they're enjoying all the fun being made over them. It's the age of conveniences and more efficiently planned kitchens are, the less time they have to spend in them. On better yet, the time spent is more enjoyable.

Manufacturers are out-doing themselves to give the little woman the things she's always dreamed about. The last couple of years, several have added to their line of standard electric ranges to provide built-in units. Such units provide opportunity for locating surface units in one place and the oven in another.

Major electric appliances now come in a variety of colors so that kitchens can be the brightest and most cheerful room in the house.

"Kitchens of tomorrow" are here today in many shapes and designs. They incorporate electric ranges, combination refrigerator-freezers, dishwashers, food waste disposers, clothes dryers, and even make special provision for the most effective storage and use of electric housewares. They may be so-called kitchen centers under one counter or multiple units. Whatever they are, they represent a wonderful arrangement which makes more man ponder whether his place should not be in the home rather than in the shop, office or on a tractor in the field.

In addition to these developments in kitchen planning, electric ranges—whether single unit construction or built-in models—offer either outside, double or conventional ovens; deep well broilers, deep-fat fryers, barbecues, spit, appliance outlets, timers and automatic controls for baking operations or to watch over surface cooking. Several different pre-selected cooking heats are available on all modern ranges and to keep the kitchen comfortably cool. Home—

all modern ranges and to keep the kitchen comfortably cool. Home—

tainly is what you make it these days.

**MRS. GINSBERG WEDS**  
**REP. ZELMENOVITZ**

**So Two's a Company?**  
PAHOKEE — H. C. Graham decided Monday evening that two isn't company, two's a crowd. He reached his decision walking out of Pahokee's water plant when he and three and a half-foot moccasin almost collided. Marvin Levins and Graham took a rake to show the moccasin who was boss of the sidewalk. The reptile had wandered up to the plant from the nearby toad-toch, the men believe.

**First Woman's Club On 12th**

## Kitchen Changes Come Swiftly . . . Convenience Is Key to Rapid Progress

To work better, you plan better—that's the key to kitchen efficiency.

By IRA MILLER  
Farm Electrification Bureau

The evolution of the modern kitchen presents a story of progress without parallel. It covers a span of less than 50 years, with more speed made in the last 10 years than in the previous 4 decades. In fact, advances are coming so fast that it is hard to see what next year's models of major electric appliances will look like.

What's going on? Housewives don't rightly know, but they're enjoying all the fuss being made over them. It's the age of convenience and the better equipped and more efficiently planned kitchen are the less time they have to spend in it. Or, better yet, the time spent is more enjoyable.

Manufacturers are out-doing themselves to give the little woman the things she's always dreamed about. The last couple of years, several have added to their line of standard electric ranges, built-in units, such units provide opportunity for locating surface units in the kitchen, and in another—now come in a variety of colors so that kitchens can be the brightest and

most cheerful room in the house. "Kitchens of tomorrow" are here today in many shapes and designs. They incorporate electric ranges, combination refrigerator-freezers, dishwashers, food waste disposers, clothes dryers, and even make special provision for the most effective storage and use of electric housewares. They may be so-called kitchen centers under one counter or multiple units. Whatever they are, they represent a wonderful arrangement which makes more man power and less place should not be in the home rather than in the shop, office or on a tractor in the field.

In addition to these developments in kitchen planning, electric ranges—whether single unit construction or built-in models—offer either outside, double or conventional oven; deep well cookers, deep-fat fryers, barbecue spits, appliance outlets, timers and automatic controls for baking operations or to watch over surface cooking. Several different pre-selected controls are available on surface units—which are faster than ever Ovens are insulated on both sides, top and bottom for highest efficiency, economy and to keep the kitchen comfortably cool. However, and particularly in the kitchen—certainly is what you make it these days.

### MRS. GINSBERG WEDS

#### REP. ZELMENOVITZ

Announcement has been made of the marriage of Mrs. Ethel Ginsberg, Pahokee, to State Rep. Nathan Zelmanovitz of Okeechobee. The marriage ceremony was performed Sunday morning, Sept. 25 at Okeechobee by the Justice of Peace. The bride couple was attended by Mr. and Mrs. B. McDermitt of Okeechobee. Following the ceremony went to Tallahassee where they remained for the week. They plan to make their home in Okeechobee where he is engaged in ranching.

### So Two's Company?

PAHOKEE—H. C. Graham decided Monday evening that two isn't company, two's a crowd. He reached his decision walking out of Pahokee's water plant when he and a three and a half-foot moccasin almost collided. Marvin Levins and Graham took a rake to show the moccasin who was boss of the sidewalk. The reptile had wandered up to the plant from the nearby toe-ditch, the men believe.

## GLADES CLUB EVENTS

### NATIONAL BWW MARKED BY BPW ON TUESDAY

National Business Women's Week was commemorated Tuesday evening by Belle Glade Business and Professional Women's Club when the club presented a fashion show at the high school auditorium, attended by 250.

Mrs. Francis W. Cross, public affairs chairman and general chairman for the event presided, and welcomed the large audience. Guests from Pahokee and Clewiston BPW clubs were recognized, and Mrs. Cross presented groups from the Woman's Club, the PEO Sisterhood, Beta Sigma Phi Sorority, the Jay-C-Etts, whose meeting was also scheduled for Tuesday evening and who attended in a body, and the high school Future Homemakers of America. She introduced members of the high school glee club who sang two numbers.

Miss Ruth Stoehr, fashion coordinator for Burdine's West Palm Beach store, directed the fashion show which followed. Three models showed fashions. Following the display, punch and cookies were served from a refreshment table covered with a white cloth and centered with an arrangement of yellow roses. Crystal punch bowls on either end of the table were encircled with yellow icoria. Miss Marieanne Womack played piano selections providing a musical background during the get-together.

Mrs. Cross was assisted by Miss Sara Creech, membership chairman, and hostess chairman for this affair. Mrs. Imogene Fontaine and Mrs. Audrey Jones served at the refreshment table. All members of the club acted as hostesses.

### BELLE GLADE BETA SIGS HAVE PARTY, BUSINESS

Beta Sigma Phi Sorority of Belle Glade held a "Come As You Are" party Thursday evening at the home of Mrs. Grant Averill. The party was preceded by a short business session at which Mrs. F. W. Cross, jr., president, presided.

Mrs. J. E. Jones, vice president and official hostess, conducted a program for the guests. It included a recording from Walter W. Ross, of Kansas City, Mo., president and founder of the parent organization in which he outlined aims and purposes of the order, and the benefits derived from membership. The recording included vocal selections, and the sorority "Song of Friendship."

A program of games was conducted by Mrs. George Wedgworth, social chairman, and her committee. A prize was awarded to Mrs. A. F. Hopson, sorority director, for her costume. Guests of the sorority were Mrs. Thomas Baker, Mrs. William Graber, Mrs. Ted Roman, Mrs. Roy Brown, Mrs. Alfred Vadasz, Mrs. Howard Woodman, and Miss Willie Mae Kelsoe of South Bay.

### So. Bay Garden Club Tues.

Mrs. Verda Higginbotham will be hostess to the South Bay Garden Club Tuesday at the Okeelanta Sugar Mill. The meeting is called for 3 p.m. and each member attending is reminded to take a small plant for the hostess. The program will be on roses.

### P-C-P GARDEN CLUB HEARS FARM EDITOR

Nixon Smiley, farm and garden editor of Miami Herald, spoke to Pahokee-Canal Point Garden Club at a dinner meeting Tuesday night at Canal Point Community Hall on "Garden and Agriculture Activities of the States and Foreign Countries." He was introduced by Assistant County Agent H. L. Speer, who was presented by Mrs. L. W. Armstrong, program chairman.

Mrs. Lloyd Hundley, president, presided at a business meeting and announced that the 10th district meeting of Garden Clubs will be held in Palm Beach Oct. 21, at the Saffish Club. Those planning to attend are to get their reservations to Mrs. A. R. Chastain before Oct. 5. A district conservation meeting was announced for Nov. 1 at Fort Lauderdale, and a flower arrangement school in Pahokee Nov. 15. Mrs. Hundley presented Mr. Smiley with a corsage of 10 small purple orchids grown by Mr. Speer, to be given to Mrs. Smiley.

Mrs. J. S. Chastain, Mrs. O. H. Chastain and Mrs. J. W. Reel served on the hospitality committee; Mrs. C. G. Coburn, Mrs. Albert Fremont, and Mrs. J. T. Platt on the decoration committee. Yellow hibiscus and sea grapes were featured in the arrangements. Hub and wife members and others were guests. Mrs. C. M. Todd, chairman of Hibiscus circle and Mrs. J. H. Bordeaux, secretary of the Gardenia circle gave brief reports.

### Pahokee Rainbow To Install

Installation of new officers of Pahokee Order of Rainbow Girls will be held at the Masonic Hall Sunday afternoon at 4, at services open to the public, according to plans made Monday night when Mary Arthur Kirk, incoming worthy advisor, presided.

### BG WOMAN'S CLUB SETS OPENING TEA FOR WED.

The Belle Glade Woman's Club will open its fall season with a tea honoring past presidents at the Woman's Club House next Wednesday afternoon at 3 p.m. according to Mrs. Thomas Bregger, president.

The committee in charge of the tea includes Mrs. J. L. Freedlund, chairman, assisted by Mrs. F. C. Dooley, Mrs. Ted Daniels, Mrs. H. O. Carlton, Mrs. C. A. Bailey and Mrs. Carl Ingman.

Mrs. Bregger pointed out that this year there will be an evening meeting in December, and that there will be other new features included in the year's program. An especially important meeting to most women in the

## Weddings and Engagements

### MISS CAMPBELL, MR. GALIS WED AT ST. JOHN'S EPISCOPAL CHURCH SEPT. 20

The wedding of Miss Shirley Campbell, daughter of Mr. and Mrs. Jesse Campbell of South Bay, and Floyd Galis was solemnized at St. John the Apostle Episcopal Church in Belle Glade on Sept. 20 at 8 p.m. The double ring ceremony was performed by Rev. John C. Petrie, assisted by Acolytes Kent Bell and Richard Mappell.

Potted plants, white hibiscus and carissas were used in the church decorations. Miss Marian Womack played the nuptial music and Mrs. Frank Anderson sang "I Love You Truly" and "Because."

The bride, given in marriage by her father, wore a princess style white satin wedding gown with train, long pointed sleeves, a finger tip veil of illusion caught to the head with a lace crown, ornamented with seed pearls. Her only ornament was a strand of pearls. She carried a white prayer book topped with a white bird and showered with white satin streamers.

Mrs. Grant E. Averill was matron of honor. She wore a soft gray taffeta cocktail frock with black accessories and a corsage of pink carnations. Noel Campbell, brother of the bride, was best man.

The bride's mother chose a bronze frock with a pink cast, black accessories and a pink carnation corsage. A reception followed the ceremony at the home of Mr. and Mrs. Grant Averill. The bride's table was laid with a white damask cloth, with white satin streamers extending to the corners. The floral centerpiece was of white gladioli, white chrysanthemums and white hibiscus, flanked on either side by silver candelabra. The three tiered wedding cake was topped with a

shell like wedding bell housing a miniature bride and groom. Mrs. A. F. Hopson cut the cake and Mrs. Lee Puckett poured the punch. Mrs. Frank Anderson was in charge of the bride's book. A gift table laid with a cut work linen cloth graced the sun porch on which were displayed the many lovely gifts received by the bridal couple.

The bride is a native of South Florida, attended the South Bay schools and is a graduate of Belle Glade high school and the Palm Beach Junior College, where she majored in art. She is a member of the Sigma Eta Sorority of Fine Arts.

For the past several years she has been employed in the office of the Okeelanta Sugar Company where she was secretary to A. F. Hopson. The bridegroom operates the South Bay Flying Service and does crop dusting in the Glades, Louisiana and Arkansas.

Mr. and Mrs. Galis left for Monette, Ark. to finish out the season there, after which they will return to South Bay to make their home.

## CP Lions Get Needed Light

CANAL POINT — Lon Adams, safety committee chairman of Canal Point Lions Club, reported Monday night that a red blinker light has been installed at the intersection of U.S. 98 and U.S. 441 in Canal Point, as the result of the club's effort.

Members voted to dispense with their Oct. 10 meeting to join Pahokee Rotary and Lions Club at Canal Point Community Hall on Oct. 12 to hear Sen. George Smathers speak.

Plans were made for inter-club social activity with zone and region units later in the fall. Plans were discussed for erecting hospitality booths to welcome visitors en route to the Lions International Convention in June at Miami Beach when clubs of district 35-S will be hosts. Alton Jones, president, presided.

## WHOLESALE MKT. OPENS MONDAY

BELLE GLADE — The Waits Packing Co., Inc. will open here Monday, as the first exclusively wholesale meat dealers in the Glades.

C. E. Waits, of Pahokee, is president of the company, and stockholders are from Belle Glade, Pahokee, Clewiston, and Indiantown. Handling both Western and Florida beef, all grades, the company is set up to serve the entire Lake area from Moore Haven to Indiantown, Waits said. The business location is at 532 Ave. 2.

Waits has lived in Pahokee off and on since 1942, and is a graduate of Pahokee high school. He served with the U.S. Army, and attended Florida State University for three years. Before going into his new business, he was with the Thomas Packing Co., of Okeechobee.

## GLADES WEEKEND FOR PORT

WEST PALM BEACH — Something of a "Glades weekend" will be observed at the Port of Palm Beach beginning today.

The SS Christian Sheid is scheduled to arrive here from Antwerp, to discharge cargo and then load 663 bales, or 377,000 pounds, of Glades cotton, from New Port Industries, Inc., for European processors.

Then, on Sunday, the SS Cavalier de la Salle is due at the port, also from Antwerp, with 788 tons of steel sheet piling, valued at \$68,000, consigned to Cleary Brothers Construction Co. for use in building the new Pahokee breakwater.

Cleary plans to reload some of the cargo on to barges for tow transportation from the port to Pahokee via the Intracoastal Waterway and St. Lucie Canal.

## ROW

(Continued From Page 1)

on whether the investigator could be made answerable to the City Commission only Jones said "I think that should be taken up with the Civil Service Board." He said he believed that under CS rules, such a job would come under the department head.

Ellis and Ingram explained that the job was requested by the Civil Service Board to be in the police department. Police Chief Charles Goodlett, who was present for the discussion, has worked for three years to have the post created, to relieve the pressure on the short-handed police department of having to pull a patrolman off his beat—sometimes for hours or whole shifts—to make special investigations. Very often a police car is thus tied up, also.

After more discussion, in which he expressed his opinion that the job should be under the Commission direct, Mayor Ashley asked Ellis if he would withdraw his motion. "I certainly will not," said Ellis.

Then Unwin asked that the matter be tabled as "it popped up here tonight" without the Commission's knowledge. Robinson explained that the Board meeting had taken place only the previous evening and the letter itself had not been written and delivered until Wednesday.

Ellis reminded Unwin that his motion was still on the table and asked what good could be done by putting the matter off. "We've got plenty of time. Let's just get it settled here and now," he said. Mayor Ashley called for a vote, and Ellis and Unwin voted for acceptance of the recommendation, Unwin and Livingston refused to vote, and the motion met death by tie.

Unwin then made his motion to table the matter, seconded by Livingston. Ellis reiterated his request that the matter be settled, pursuant to the recommendation of the board. Then he voted against the motion. Ingram did the same, tying up the motion.

Mayor Ashley voted with Unwin and Livingston and the matter was tabled, to come up at the Oct. 12 meeting.

A more amusing sequence occurred early in the meeting when a sole bid to refinish and cover the City Hall floors was from the Kennedy Floor, Inc., of West Palm Beach. The bid was for \$1,170.75 to cover the first floor with rubber tile, and \$520 to do the second floor in asphalt tile.

Ingram moved to pass up the bid "until we can see further," and Unwin seconded. Livingston protested that the matter of the floors had been "kicking around here a year," and that

Proof Of Last Week's Fact—

GALILEO DID NOT INVENT THE TELESCOPE!

The telescope was invented by Hans Lippershey, a spectacle maker of Middelburg, Holland in 1608. It was this telescope that Galileo used as a model to construct his in 1609. 1. Encyclopedia Britannica—9th Edition. 2. "Popular Fallacies"—A. S. E. Ackermann.

since one of the planks in his platform has been City Hall improvement, he favored doing the work. The previous Commission had budgeted the item, he pointed out. Ellis asked if portions of the floors needed fixing. City Clerk Frank Anderson said some should be "nailed down in a few places." The motion to pass up the new flooring carried, 3-1, with Livingston voting against.

After presentation of the resolution to adopt the city tax roll, Unwin observed that it put a new Commission in a bad spot to do a previous Commission set up by the budget. The election date or the city fiscal year should be changed, he said, so that the new commission could set the budget it would work by. Mayor Ashley said it would be "pretty hard for a new Commission to set up a budget. Ellis said he knew of the budget situation when he ran for Commission.

Another surprise of the meeting came when Livingston questioned the resolution presented for adoption of the Bertha E. L. Braddock easement for the new city truck-parking area north of the cannery plant.

Livingston asked whether commercial buildings could be put on the property while the city was using it as a truck park. Attorney Jones read a section of the agreement which allows buildings to be put on the location. Livingston said that with that clause, the city would be put into competition with private truck stop operators because "A man could go and set up a new little business." He said he was opposed to the city rocking and grading the area and "putting a cheap truck stop in for somebody."

His motion to table until local operators could be brought before the commission died for lack of a second. His resubmitted motion that the resolution be tabled for further consideration was seconded by Ellis, passed, and put on the agenda for the Oct. 12 meeting.

Among other actions in the session which ran past 11 p.m., Commission:

## Door Strip Saves Lives

Getting out of a car on the left or traffic side is always hazardous, especially after dark, but the danger can be greatly reduced by attaching a strip of "Scotchlite" reflective safety tape along the inner edge of the car door. When the door is opened, the safety tape will pick up and brightly reflect the lights of an approaching car, making the extreme left hand edge of the stopped car visible to the approaching driver at distances up to one-quarter mile.

## M. S. Kirk Attends GM Advanced Course

Mitchell S. Kirk is attending the General Motors Training Center at Jacksonville to learn advanced automotive service techniques which he will use in his work at Stanley Chevrolet, Inc., 127 Main St., Pahokee. President M. P. Stanley said this week.

Kirk is spending five days at the Jacksonville school, one of a nationwide network of training centers being set up by General Motors to keep employees of its car and truck dealerships abreast of new mechanical developments and service techniques. A service manager with Stanley for six years, he selected the Oldsmobile course, taking advanced study in 1956 products. Stanley said he sent Kirk to the Jacksonville center to give his customers the benefit of improved service techniques taught there.
